Dear Ms Fenton,

I sincerely appreciate your offer to the children of my community to attend the day at Hayden's Planetarium. Days such as the one you hosted enlighten and touch the kids in a way that is irreplaceable. Your organization is a vital part in the development of the kids in our city. I know that we will have the chance to do more programs and events that will be just as successful as the day at Hayden's Planetarium.

As for the day itself, it was one that will be remembered by every child in attendance. It is important that we expand the knowledge of the youth in our communities by given activities like the one you hosted. Once again, I would like thank you for the invitation and for the wonderful program. Your efforts are highly appreciated and I look forward to working with you in the future.

Sincerely,

Hiram Monserrate
