Vickie Fenton, CEO- President
P.O. BOX 1258
NEW YORK, NY 10163-1258

Dear Vickie Fenton,

I would like to thank you for letting the children of North Brooklyn Communities participate in the trip to Hayden Planetarium of Natural History Museum. The children had a great time, they wanted to keep on exploring and learning more about the beginning of time and space. They learned so much, such as that the Hayden Planetarium is the largest and most powerful virtual reality simulator in the world. The kids really had a wonderful time, they look forward to the up coming events.

As for us, here we look forward in continuing working with you and your staff to provide our kids a safe and educational environment.

If you have any questions or concerns feel free to contact me at (718) 443-5153.

Sincerely,

Jannitza Luna
Executive Director
